PROJECT INFORMATION

Project Title: Higgins Armory field trip

Amount Requested \$675

Project Start/End Dates: spring 2010

1. Project Description: Summarize the proposed project in the space provided. Describe who is the target audience; what will happen; when and where it will occur; and how the project will be executed. NOTE: You may provide additional narrative on a separate sheet of paper, but you *must* summarize the project here. Your answer in the space below may not exceed 750 characters.

The 8th graders have traditionally taken a field trip to Higgins Armory in Worcester as a connection to the Middle Ages unit that we study in World History. We participate in a hands-on demonstration of how weapons of the period functioned and were used. In addition, they complete a related craft activity, participate in a role-play, and tour the museum. The cost for the program is \$15 per person, but the bus is an extra \$10. I am requesting \$675 (\$5 for each of the 135 8th graders) to help with the cost of the bus.

2. Describe the planning process for this project. What individuals and organizations have been involved as partners and/or advisors? How would partial funding impact this project? Your answer in the space below may not exceed 500 characters.

All of the students and teachers in the 8th grade are involved with this field trip. We have found the trip to be very valuable, but feel that \$25 is a lot to ask students for a one day field trip. They are asked to bring lunch money also.

3. Explain how this project will reach and benefit the students of your school. How will you know the project is successful? Your answer in the space below may not exceed 500 characters.

Students in the past have benefited from this field trip because of the connection to the curriculum. Students are asked to complete a reflection sheet when they return.
