PROJECT INFORMATION

Project Title: Sound system update

Amount Requested \$210.00

Project Start/End Dates: Spring 2010

1. Project Description: Summarize the proposed project in the space provided. Describe who is the target audience; what will happen; when and where it will occur; and how the project will be executed. NOTE: You may provide additional narrative on a separate sheet of paper, but you *must* summarize the project here. Your answer in the space below may not exceed 750 characters.

We are requesting anew sound system for P.E. Classes. Many students (and staff) have great music which is now on an IPOD. There is a music system at BEST BUY that is capable of using CD's, cassette tapes and has a docking station for IPOD music. It also has separate speakers so sound can be directed in different parts of the gymnasium. All students and staff would benefit.

2. Describe the planning process for this project. What individuals and organizations have been involved as partners and/or advisors? How would partial funding impact this project? Your answer in the space below may not exceed 500 characters. In the past we have relied on old donated CD players and tape players. We would like to have something more reliable as many of the student made discs cannot be read and most of their music is now in a different form.

3. Explain how this project will reach and benefit the students of your school. How will you know the project is successful? Your answer in the space below may not exceed 500 characters.

We use music a great deal for a variety of units. It helps motivate the kids and get them to move!! Playing some of "their music" during classes helps to keep them moving. We service all of the students at Turkey Hill Middle School twice in a 6 day cycle.
