APPLICATION MUST BE TYPED

- Please type into the form, print, sign and mail/email it to the Lunenburg PTO.

APPLICANT INFORMATION

Applicant Name: Nicole Johnson

Position: Preschool Achieve Teacher

School: Lunenburg Primary School

Contact Phone Number: 978-582-4122 (ext.1159)

PROJECT INFORMATION

Project Title: Behavior/Safety Plan Development

Amount Requested: \$ 120.00

Materials Requested:

- Motorola Talkabout Two-Way Radio (\$40.69 + shipping/tax)
Velcro - Hook and Loop Sides Sold Separately (\$30 each + shipping/tax)

Project Start/End Dates: Behavior/Safety/Health Plans Ongoing

1. Project Description: Summarize the proposed project in the space provided. Describe who is the target audience; what will happen; when and where it will occur; and how the project will be executed. NOTE: You may provide additional narrative on a separate sheet of paper, but you must summarize the project here. Your answer in the space below may not exceed 750 characters.

These materials will be used to support and implement students' individual Positive Behavior Support and Safety/Health Plans in the preschool setting while students are integrated, at therapies, at the playground, and throughout the school setting. Due to student behaviors (i.e. bolting from the classroom and aggressive behaviors that may injure student/staff) and health related issues, teachers/tutors must be able to request assistance from one another during these events when/if a phone is not available. Teacher/staff will have access to a two-way radio whenever working alone with a student who is prone to behaviors or health related issues that impact his/her personal wellbeing as well as the safety of those working with him/her. I am also requesting Velcro (1 roll hook side, 1 roll loop side) to adhere behavioral supports in communication books, visual schedules, token boards, etc. that are needed to teach and support desired behaviors and reduce target behaviors to improve student's quality of life and increase social opportunities with peers.

2. Describe the planning process for this project. What individuals and organizations have been involved as partners and/or advisors? How would partial funding impact this project? Your answer in the space below may not exceed 500 characters.

The preschool team (teacher/tutors) is working together along with the school nurse and Special Services staff to create and implement Behavior Support Plans and Safety/Health Plans. Funding will impact this project by allowing us to purchase the needed materials to assist with successfully implementing these plans and keep students and school personnel safe.

3. Explain how this project will reach and benefit the students of your school. How will you know the project is successful? Your answer in the space below may not exceed 500 characters.

The project will reach students at the preschool levels and help them develop the necessary social skills in order to express frustrations, wants/needs, and request attention appropriately while keeping individuals in the school community safe. Students will be able to build on the skills taught through the behavior plans and materials in order to increase their current and future social and academic success.
