

LUNENBURG PTO REQUEST FOR FUNDING

APPLICATION MUST BE TYPED AND SUBMITTED BY EMAIL

- Please complete this form and email it to the Lunenburg PTO.

APPLICANT INFORMATION

Applicant Name Second Grade Team

Position Second Grade

School Lunenburg Primary

Contact Phone Number 978-582-4122

PROJECT INFORMATION

Project Title: Book Basket Refills/Classroom Library

Amount Requested \$300

Project Start/End Dates: January 2012

1. Project Description: Summarize the proposed project in the space provided. Describe who is the target audience; what will happen; when and where it will occur; and how the project will be executed. NOTE: You may provide additional narrative on a separate sheet of paper, but you *must* summarize the project here. Your answer in the space below may not exceed 750 characters.

The second grade team uses their classroom libraries to give students choices for their personal reading materials. The students (25 in each class) each have around 8-10 books in their baskets which, when all the baskets are full, leaves the classroom with few choices left on the shelves. We like to provide a wide variety of genre choices and with in those genres we like to have a variety high interest books for the students to choose from.

2. Describe the planning process for this project. What individuals and organizations have been involved as partners and/or advisors? How would partial funding impact this project? Your answer in the space below may not exceed 500 characters.

We each have Scholastic Book accounts which supply teachers and classrooms with age appropriate and high interest genres to choose from. We would like to be able to use the money to select books to restock our shelves.

3. Explain how this project will reach and benefit the students of your school. How will you know the project is successful? Your answer in the space below may not exceed 500 characters.

Each student benefits as they will receive new classroom books (which always excites them) for them to read and discover as they are learning to use the reading strategies the teachers teach them throughout the year. Research shows that if we want our students to become good readers we need to provide a variety of materials for students to read. Research also shows that the students need to be reading for extended periods of time in order to find this reading success. Having new classroom materials help with both of these research findings for all students,
